Stickney Gasoline Engines ARE THE BEST

Certainly a Charmer!

The Gasoline Engine I bought several months ago is certainly a charmer. I have given it some good tests on my well drill and it never shirked once. I could not recommend it too highly, for I have all the praises for the Stickney as a power of satisfaction.

Drink crazed men commit appalling crimes every day in the year, but it is only when such sad occurrences happen in our very midst that we realize the full meaning of them. For then we appreciate the position in which the drinking man finds himself and the sadness surrounding his family and friends and the families of his victims. Mothers with little children are left destitute by the acts of drink crazed men every day. Men who have become addicted to the Liquor Habit should take the

Site Selected for High School Building

A special meeting of the electors of school district No. 1 was held in the courthouse at Dakota City Saturday afternoon for the purpose of selecting a site for the proposed new school building to replace the one burned last winter. Four locations were considered—Market square, just north of the Maxwell residence; College square, just south of the Fields & Slaughter elevator; Seminary square, south of the S. W. Polz residence, and block 178, lying west of the W. E. Smetten residence and two blocks west of the Burlington depot on Broadway. After two hours spent in voting the latter block was chosen by more than a two-thirds vote of those present at the meeting, numbering about fifty-five. On the first vote forty ballots were cast for block 178. The other three blocks mentioned were city blocks, and could have been appropriated without cost to the district, while the one chosen is owned by private individuals and will have to be purchased. A meeting was held by the school board Monday morning to take action on a petition signed by electors of the district asking for an election to vote on the question of issuing bonds in the sum of \$12,000 to erect a new school building. The board met Wednesday, May 31, 1911, at the date for voting on the bond question. It will require a majority of the votes cast by the qualified electors of the district to warrant a bond issue, but there seems to be very little opposition to the question, as all who have any interest in our schools feel the necessity of better school facilities than we have enjoyed since the building of our school house.

GRAND OPENING

Van de Zedde will open his ice cream parlor Saturday, May 13th, when he will sell a 10-cent dish of ice cream for 5 cents.

HIGH SCHOOL NOTES

The Dakota City high school girls defeated the Wakefield high school girls in a game of basketball Friday afternoon. The Wakefield team arrived at 4:15 and the game was called at 4:40. When play was called the Dakota City girls expected defeat, while the Wakefield girls were confident of victory, which could naturally be expected since their players were larger and more experienced than ours. Marie Bierman made the first goal of the game after one minute's play. This gave the locals enough confidence to play a heady game and win an easy victory. The score at the end of the first half was 15 to 9 in favor of the locals and in the second half they increased their lead, finishing 32 to 14. Although a friendly spirit prevailed among the players, yet both teams played with determination. The game was as clean a game as the writer ever witnessed and both teams are anxious for a return game. The players and their positions follow:
